

# TASTE

Combine your visit to Kulturværftet and Toldkammeret with a delicious meal. Our kitchens and cafés offer lunch, dinner, communal dining experiences, and concert menus. We also cater for private events with bespoke menus and provide lunch for networking meetings.

## SPISEHUSET

The restaurant is located on the ground floor at Kulturværftet, offering a stunning view of the harbor, the water, and Kronborg Castle.

All year round, the area buzzes with life and visitors, and here you can enjoy a delicious lunch, a glass of chilled wine in the sun, or a cup of freshly brewed coffee with cake.

The restaurant also provides catering for meeting guests at Kulturværftet, and for selected events, it is possible to pre-order meals before concerts, theater performances, and shows.

## SPISEKAMMERET

Spisekammeret is the heart of Toldkammeret. Spisekammeret offers menus for all kinds of events – from weddings, confirmations, and anniversaries to corporate parties, receptions, and gatherings.

The restaurant is open on weekdays, as well as during events and concerts.

At communal dining, we sit together, collect the food together, and clear the table together. In short, we share the experience – even if you come alone.

# KULTURVÆRFTET THE CULTURE YARD

The cultural center Kulturværftet is situated in Elsinore – a historic town at the tip of North Zealand overlooking the strait between Denmark and Sweden. Built into the town's old shipyard, Kulturværftet unfolds its culture program in and around the historic buildings, wrapped in modern architecture and facilities.

Kulturværftet gives you every opportunity to explore the vibrant culture life of Elsinore. More than 1000 events and activities take place each year on our stages, festivals, conference- and event facilities, exhibition rooms and in our restaurant and café.

You can also visit the shipyard museum, which tells the compelling story of how Elsinore's old shipyard propelled the city into the industrial age, with great prosperity.

When you visit Kulturværftet you are not likely to find yourself alone. 550.000 annual visitors explore our award-winning multimedia-library, attend our numerous cultural activities or enjoy their lunch at our café, Spisehuset, with a great view to the UNESCO site Kronborg – Hamlet's Castle.
